10 March 1966

The Honorable Henry M. Jackson
United States Senate
Washington, D. C.

Dear Scoop:

I thoroughly enjoyed our lunch today. Thank you very much for it.

Attached hereto is a memorandum dated 10 March which I asked to have written in reply to your question. The thermofax which is also attached covers this topic in greater depth. I hope these will give you what you want.

The scissors marks indicate the elimination of a code word which is really not applicable to the contents of this memorandum. Also, it might be embarrassing to you to have a paper of this classification in your office.

I hope we may get together again soon.

Always cordially,

/s/ Richard Helms
